Expert on Technology-Enhanced Course Redesign to Visit Truman

John Broida of the psychology department at the University of Southern Maine, will be speaking on campus about the reasons that one might want to incorporate technology into one's teaching, as well as the potential consequences of taking this step.

After participating in the redesign of an introductory psychology course as part of the National Center for Academic Transformation's Program in Course Redesign, Broida has introduced effective and efficient use of technology in the classroom to many institutions and individuals.

Broida employs Web-based mastery quizzes, which students use to reinforce what they need to study. Requiring students to complete quizzes before class makes lectures much more useful to the student and gives the instructor the freedom to discuss things that are not in the text. Further, Broida promotes the use of classroom response systems, "clicker" technology, to convert passive note-taking into an exercise in active learning.

Broida's audience-engaging presentations at Truman will examine what happens to students as

the result of adding technology to a course, how faculty may feel about their role as the result of adding various types of technology to their classes, the possibility of cost savings, and the importance of assessment in any changes made to a course.

The schedule of presentations and "drop in" times for Broida's visit are as follows: discussion during lunch from noon-1:20 p.m. Nov. 8 in the SUB Georgian Room A (\$3.00 toward faculty/staff meals at the cashier in Mainstreet Market), presentation from 10:30 a.m.-noon Nov. 9 in the SUB Alumni Room, open "drop in" time from 2-5:30 p.m. Nov. 8 in Pickler Memorial Library 205; refreshments available, open "drop in" time from noon-1:20 p.m. Nov. 9 in the SUB Alumni Room.

Teaching/Learning Technology Roundtable (TLTR) and the Center for Teaching and Learning (CTL) are sponsoring this event, with generous financial underwriting by the CTL and the Provost and Vice President for Academic Affairs office.

Detours Magazine Announced a 2006 Pacemaker Award Winner

Detours magazine was announced as a 2006 Pacemaker Award winner at the 86th Annual ACP/CMA National College Media Convention in Washington, D.C., Oct. 24-28, 2007. *Detours* won the award for the 2005-2006 publishing year.

Detours is the University's student produced travel magazine, focusing on Missouri, Illinois and Iowa. The 2005-2006 *Detours* staff was lead by editor in chief, Prajwal Sharma. The magazine was completely redesigned during that time.

The ACP Pacemaker Competition began in

1927 and today is one of the highest honors for student journalism. Professionals with knowledge and experience in the field judge entries, and awards go to winners of several categories including Magazine Pacemakers, Newspaper Pacemakers and Convention Best of Show.

Detours magazine debuted in 1996 and has also won the Apple Award in both 2006 and 2007 for best general interest magazine at a four-year college.

Debaters Win Central States Tournament

Freshman members of the Truman Forensic Union won the parliamentary debate novice division of the Central States Forensics Tournament, co-hosted by Metropolitan Community College-Longview and Truman on the Longview campus, Oct. 26-28.

Toby Hausner, a freshman from Platte Woods, Mo., and Andrew Kindiger, a freshman from Liberty, Mo., captured the novice division championship after defeating a team from Longview in the final round, and a team from McKendree University (Lebanon, Ill.) in the semifinals. Hausner was ranked top-speaker in the division, followed by Kindiger in second. The Truman team of William Franks, a freshman from

Albany, Mo., and Rebecca Tasetano, a freshman from Liberty, Mo., reached the semifinals before falling to the Longview team that would eventually face Hausner and Kindiger. This was the first college debate tournament for Hausner, Franks and Tasetano.

In individual events competition, Kindiger placed sixth in extemporaneous speaking, qualifying himself for the National Forensic Association championship tournament in individual events in April.

Individual events competitors traveled to Bradley University's LE Norton Invitational, Nov. 3-4, followed by debate team travel to the University of the Pacific the following weekend.

FoodFast Raises Money for United Way

The FoodFast raised \$3,509 for the United Way. This puts the campaign total at more than 100 percent with \$57,443 raised.

The last day to send Truman United Way contributions to Teri Heckert or Brad Chambers is Nov. 9. After that, send any contribution directly to the United Way of Adair County office (304 S. Franklin). The Truman co-chairs thank all contributors to this campaign.

(Left to right) Adam Kabins, Meg Terranova, Courtney Moran, Teri Heckert (Truman drive co-chair), and Tim Evans watch Shannon Albright (student drive chair), place the final heart on the United Way sign on the Mall last week.

Student Recreation Center Food Drive Nov. 5-16

Please donate any non-perishable boxed or canned item.

On Nov. 12, donations are required to participate in any instructional program or to register for intramural 3-on-3 basketball or pickleball. Only one item per person is necessary.

All food donations will go to the Central Missouri Food Bank.
