NMSU

MONDAY, May 2, 1983

HAPPENINGS

TODAY, May 2

Final Exams begin
9 a.m. to noon
6:30 p.m.

Purple Pride interviews, 204 PB
Fellowship of Reconciliation mtg., Wesley
House

WEDNESDAY, May 4

8 p.m. Mini-Commencement for two-year majors
and certificate recipients, Aud., BH

THURSDAY, May 5

7 p.m. Pinning Ceremony, Nursing Division, Aud.,
BH

FRIDAY, May 6

10 a.m. Commencement, Stokes Stadium

PURPLE PRIDE INTERVIEWS for the 1983-84 school year will be conducted from 9 a.m. to noon today and Tuesday in the Football Office, 204 Pershing Building. Any girl interested should sign up today in the Football Office.

THE NORTHEAST MISSOURI CHAPTER of the Fellowship of Reconciliation will meet at 6:30 p.m. today at the Wesley House, 903 S. Davis.

YEARBOOK DISTRIBUTION continues today through the rest of the week. The yearbooks may be picked up in the Echo Office, 305 Laughlin Building. To receive a yearbook you must be a full-time student for the fall and spring semesters and show your student ID.

IFC GRADUATE ASSISTANT APPLICATIONS are available in the Student Services Office, 102 Administration/Humanities Building through Thursday. For more information contact Michael Kacir, IFC adviser at 785-4136 or Mark Schell, IFC graduate assistant at 785-4111.

STUDENTS who have applied for summer financial aid (Work-Study and National Direct Student Loan) should come to the Financial Aids Office, 100 Administration/Humanities Building anytime this week to sign their summer financial aid award letters.

STUDENTS HELPING STUDENTS APPLICATIONS are still available in the Freshman Counseling Office, 102 Administration/Humanities Building. SHS leaders are student volunteers who actively participate with incoming freshman during one or more orientation days. The 1983 Summer Orientation Program begins on June 10-July 8. Approximately 200 volunteers will be needed.

NORTHEAST NOTES

Dr. Orlee Holder, Language and Literature, presented a paper entitled "The Balancing Act: Distortions of the Anima-Animus Archetypes in Anais Nin's Fiction" at the Northeast Modern Language Association Convention in Erie, Pa. last month. Dr. Holder was elected secretary of the Jungian Criticism section for next year's NEMLA Convention in Philadelphia. On May 12, Dr. Holder will travel to New Orleans as a Kirksville delegate to the Planned Parenthood Association of America Convention.

Marlow Ediger, Education, recently spoke at the National Council for the Social Studies Convention on "The Old Order Amish in Society."

Dr. Ronald Knight, Mathematics, received notice that his paper "Attraction and Stability in Transformation Groups" has been accepted for publication in the Bulletin of the Institute of Mathematics, Academia Sinica published by the Institute of Mathematics, Taipei, Taiwan, Republic of China.

Two NMSU students received recognition at the state Phi Beta Lambda Conference held in Jefferson City last month. **Linda Adams**, sophomore, received first place in Executive Typewriting and second place in Office Procedures. **Pauline Whiston**, freshman, received third place in the Corresponding Secretary competition. Linda is now eligible to attend the National Phi Beta Lambda Conference in July in San Francisco.

SUMMER E D U C A T I O N

by Sue Iman, intern

The end of the school year means graduation for some students and heading home to work for others. But the end of the school year is not necessarily the end for those students who decide to attend one or both of the summer sessions offered at NMSU.

Lydia Inman, graduate dean, said summer school allows students to catch up on classes in which they may have gotten behind, to take prerequisite courses in their major and to work on courses for a second major.

The pleasant atmosphere of summer school appeals to graduate student Jo Ellen Johns. Instructors, as well as students, are more relaxed.

Terry Dunseith, a sophomore mass communication and philosophy major, said summer school gives him more time to study. "Because I go to class every day I have less time to forget what I learned the day before," he said.

Some students worry about summer school for fear of burnout. Many don't like the idea of attending class every day. They claim they need three months in the summer away from school.

Johns, however, disagrees. "One of the biggest benefits I found about summer school is that you did not get tired of classes because they were over before you get bored with them," she said. She attended both summer sessions last year and felt more motivated for the fall semester.

In addition to getting ahead on courses, attending summer school offers undergraduates a chance to live and work with teachers who attend the summer sessions to further their education. Johns said a person can gain a deeper understanding of a particular field through contact with these people.

When not in class, summer school students find many interesting things to do in Kirksville. Johns said many of them spend leisure time at the lake or take advantage of the many events on campus, such as the Summerplay series.

Currently 1,317 students have enrolled for the first session of summer school and 1,016 for the second session. David Rector, director of computer services, said the number of enrolled students will still increase because of individuals who enroll for courses through the mail. Rector said last year 2,619 students were enrolled for the first session and 2,370 for the second session.

It's not too late to register for one or both summer sessions. Registration for the summer sessions takes place June 6, and the first session of classes is June 7. Late registration for those only attending the second session is July 10; the session begins July 11. For more information, contact the Registrar's Office at 785-4143.
