A. E. F. in France

Dear folks: I will answer your letter of Sept. 20th. that I recieved last night. I was sure glad to get your letter of such a late date, I take it from your letters that you have written several letters I never recieved. The two I got was of Aug. 29 and Sept 30, so there must be some that have been lost.

I am feeling pretty good now. Had a cold for a few days but am

getting over it now. Well
I guess Ed must be over
here by this time, if
he was on his way.
The last you heard,
what time was he
drafted any way? You
never mentioned it in
~~any way~~ your letter.
I wish I knew what
division he is in and
I could tell if he is
over here yet. Be sure
and send me his
address when you write.
and I will write to

him or look him up
 if I ever get the chance.
 I would sure love to see
 him if he is over here.
 If he has not come across
 yet I hope he never has
 to come.

~~It must be hard on
 Dad with nobody to help
 but Willie. Tell Dad
 not to try to do too much
 because I know he can't
 stand it, and I ^{am} glad
 Mat
 is at Wall's.~~

~~I would like to hear
 from Clara. I sent her~~

4

a letter from the rest camp.
we first landed in but don't
expect an answer for awhile
yet. I guess most of the
boys have gone from
around Adair by this time.
We will all be back next
spring, see if we don't, for
they have the Germans
on the run now, and
they are most ready to
do anything to quit.
Then will be the glad
time when we all
come marching home.
I wish I could tell you

3

all about what we are doing these days, but we are kept busy with all of it. I am glad we are permanently settled for awhile at least, because I was getting tired of roaming around like we have done for the last two months.

There has been quite a lot of sickness in our battalion. I am sure thankful I have escaped so far. ~~Tell Mayme I said that was the prettiest~~

6

~~name she could have got~~
~~for the baby. It must~~
~~be a pretty baby if it~~
~~looks like its dad or mother.~~
Well I will have to close
as I have used up my
share of paper, I think.
Give every one of my
kinfolks my love and
best wishes and tell
them to write to me

Your loving son & brother

Albert M. Quinn
