Multimedia Lab Receives Upgrades

The Multimedia Lab, located in Pickler Memorial Library 204, was closed June 27-29 so the staff could complete updates and renovations in the popular multimedia project lab.

The renovations include a new layout, new computers, updated software, high-fidelity microphone/speaker headsets and specialty scanners, in addition to the existing specialty hardware and software previously featured in the lab.

Adobe's full eLearning suite is now available on both Mac and Windows systems for faculty creating multimedia learning objects for blended and online classes.

Students and faculty alike will appreciate the update to V6 for Adobe's Creative Suite on both the Mac and Windows systems. The lab reopened and resumed regular summer hours June 30.

For a lab schedule and other information about the lab, go to multimedialab.truman.edu.

Bulldogs to Play Nationally Televised Game

The Bulldog football team will play on national television as part of the NCAA Division II schedule of games on the CBS Sports Network.

Truman will face long-time MIAA rival the University of Central Missouri Sept. 20 in Warrensburg. It will be the 96th meeting between two founding members of the Mid-America Intercollegiate Athletics Association.

The MIAA is celebrating its centennial anniversary in 2012.

This will be the first appearance by the Bulldogs on the CBS Sports Network, which is available on most cable systems, Dish Network (Ch. 158) and Direct TV (Ch. 613).

In addition to the national game, the Bulldogs will appear on the MIAA "Game of the Week" Oct. 6 when they travel to the University of Nebraska-Kearney to play the Lopers. That game may be found on various cable systems in Missouri and Kansas along with over the air station KSMO-TV in Kansas City.
