Kohlenberg Lyceum Series to Begin with Chamber Orchestra Kremlin

The Kohlenberg Lyceum series will kick off their season at 7:30 p.m. on Sept. 29 with a performance by Chamber Orchestra Kremlin.

The ensemble, founded and conducted by Misha Rachlevsky, is comprised of some of the finest young musicians in Moscow.

The group is a string formation of 18: violins, violas, cellos, and double bass.

Chamber Orchestra Kremlin began in the fall of 1991 when the Swiss recording company

Claves approached Rachlevsky with an offer to record discs of Russian music and immediately concurred with his suggestion to realize the project with Russian musicians. The enthusiasm that greeted the orchestra's initial performances in the recording studio and on concert stages in Russia and abroad led to this formation's establishment as a full-time performance group.

The orchestra maintains an active international touring schedule in addition to performing annually to sold-out audiences in the most prestigious events on

Moscow's cultural calendar. The ensemble also produces its own concerts and festivals in the capital city, both at major concert halls and in historic locations, including the popular "Christmas at the Kremlin."

Chamber Orchestra Kremlin has rapidly

earned a place in the saturated and highly competitive international performing scene. The orchestra has completed sixteen European tours, three visits to the Far East and three U.S.

tours, performing a total of 317 concerts, 188 in Moscow, and 129 abroad.

On Sept. 29 this ensemble will play four pieces: Edvard Grieg's Suite "From Holberg's Time," Op. 40; Shostokovich's Chamber Symphony, Op. 110a; Bach's Contrapunctus No. 1 from The Art of the Fugue and Tchaikovsky's Souvenir de Florence, Op. 70.

Free tickets to Chamber Orchestra Kremlin will be available to students, faculty and staff beginning Sept. 21 in the Student Activities Board Office, Student Union Building lower level.

The Distinguished Visiting Scholars this academic year will be James Burke, Lech Walesa, Catherine R. Stimpson and Henry Louis Gates.

Interaction with the visiting scholars include undergraduate or graduate classtime, residential college events, small discussion group activities, a large public lecture, and interaction with the faculty as a colleague.
