The Northeast Missouri State University Development Fund was established in 1980 to encourage private financial support for Northeast. Gifts received are used to enhance the quality of education and to promote the welfare of the University.

Each year, the importance of private support is magnified as the cost of education increases. Assistance from the state of Missouri has not kept pace with University needs. Although educational costs continue to rise, Northeast Missouri State University takes pride in being able to provide one of the finest liberal arts and sciences educations.

Generally speaking, money given to the Development Fund forms an endowment. This endowment is invested and the interest earned is allocated to various projects which allow your gifts to work today while remaining available for tomorrow.

The Endowed Scholarship Application can be picked up in the Financial Aid Office, McClain Hall 103, Monday-Friday, after Feb. 13, 1995. Please take note of the following:
