MARTIN LUTHER KING JR. SCHEDULE OF EVENTS

Ecumenical Service of Love & Peace

3 p.m.
Jan. 19
First United Methodist Church

The Flame to the Second Century will burn

all day
Jan. 20
Kirk Memorial

Unity VIII: A Celebration of Unity Through Song, Dance and Words

3 p.m.
Jan. 20
Baldwin Auditorium

Unity Luncheon

11:15 a.m.
Jan. 21
SUB Georgian Room

Cost is \$6 for the luncheon R.S.V.P. by Jan. 17 to the Multicultural Affairs Center at 785.4142

Martin Luther King Jr. Symposium

"Letter from the Birmingham Jail"
3 p.m.
Jan. 23
SUB Activities Room

Activities Planned to Honor Martin Luther King Jr. Legacy

Several activities are planned to honor the legacy of Martin Luther King Jr.

The Ecumenical Service of Love and Peace kicks off the activities at 3 p.m., Jan. 19, at the First United Methodist Church. The service will include reflective messages and performances on the teachings of Martin Luther King Jr.

Unity VIII, a celebration through dance, song and words, will take place at 3 p.m., Jan. 20, in Baldwin Auditorium. Unique Ensemble Gospel Choir, the High Street Dancers and Truman students will perform. Everyone is invited to attend the event.

The Unity Luncheon will be at 11:15

a.m., Jan. 21, in the Student Union Building Georgian Room. The centerpiece of the event will be a performance titled "Songs of Freedom: Voices from the Civil Rights Movement," an innovative celebration of the music that shaped the civil rights. Cost for the luncheon is \$6 and those who plan to attend should R.S.V.P. by Jan. 17 to the Multicultural Affairs Center at 785.4142.

The annual Martin Luther King Jr. Symposium will begin at 3 p.m., Jan. 23, in the Student Union Building Activities Room. The moderated symposium will focus on insights and brief reflections from four panelists on King's speech "Letter from the Birmingham Jail."

Local Service Programs to be Held to Celebrate Martin Luther King Jr. Day

In celebration of the memory and ideals of Martin Luther King Jr., the Multicultural Affairs Center, the SERVE Center, and the Education Division are hosting a Martin Luther King Day of Service.

Volunteers will read to children in the Kirksville schools and discuss the significance of Martin Luther King Jr. Day. Contact Donna Rhinesmith, associate professor of education, by e-mail at ed11@truman.edu or Bertha Thomas, interim assistant dean of multicultural affairs, by e-mail at bthomas@truman.edu. to volunteer.

The Martin Luther King Jr. READ OUT will be at 1 p.m., Jan. 18, at the Adair County Public Library. Volunteers will read children's stories of different cultures and will share information about the life and legacy of Martin Luther King Jr. This program is geared for ages 4-8 years old.

Another Martin Luther King service event will be reading multicultural stories and helping with young children at the Community Action Head Start Program. Contact Leah Hettinger, program adviser, at 785.4222 or Thomas at bthomas@truman.edu to volunteer for the READ OUT.

Third Annual Unity Luncheon

"SONGS OF FREEDOM: VOICES FROM THE CIVIL RIGHTS MOVEMENT"

11:15 a.m. • Jan. 21 • SUB Georgian Room

Cost is \$6 for the luncheon • R.S.V.P. by Jan. 17 to the Multicultural Affairs Center at 785.4142

Presented by Truman's Multicultural Affairs Center and Truman faculty, staff and students

Got Passion?

The University Career Center and Residential Colleges Program are offering a series of five workshops titled

"Finding Your Career Passion"

The workshops begin the week of Jan. 27 and are designed for students who are interested in learning more about their interests and how they relate to majors and careers.

Dates, times and sign-up sheets are available in the Career Center.

Interested students should stop by the Career Center to enroll. Contact the Career Center at 785.4353 or at <http://career.truman.edu> for more information.

Student W-2 forms for 2002 will be available

9 a.m. to 4 p.m.
Jan. 27 and 28
outside McClain Hall 105
A photo ID will be required

Faculty/Staff W-2 forms for 2002 will be in divisions/departments on Jan. 27

All W-2 forms not picked up by 5 p.m. on Jan. 28 will be mailed

Reissued W-2 requests will begin Feb. 17 with a 3-day processing time

Osborn Awarded Three Grants from NSF

Jeffrey Osborn, assistant professor of biology, has been awarded three grants from the National Science Foundation for a total of \$250,000 since June 2002.

Osborn was awarded a \$70,000 grant for a project titled "Pollen Developmental Evolution in the Basalmat in the Angiosperms - Nymphaeales and Amborella."

The second grant was awarded to enhance undergraduate research opportunities at Truman through the acquisition of electron microscopy instrumentation. Funds from this grant will be used to purchase the following instruments: 1) a digital image system for an existing transmission electron microscope (TEM), 2) a digital image

Pictured from left to right are biology majors Patrick Hudson, Julie Strandquist and Associate Professor of Biology Jeffrey Osborn recently visited Kit and Ben Knotts' private gardens in Cocoa Beach, Fla., to collect flower buds of giant water lily Victoria for their research on pollen structure and development.

system for an existing scanning electron microscope (SEM), 3) an ultramicrotome, 4) a block trimmer, and 5) a critical point dryer.

This proposal brings together five faculty members who utilize electron microscopy in their research and teaching. The faculty members include George Shinn, professor of biology; Laura Fielden, assistant professor of biology; Diane Janick-Buckner, associate

professor of biology; and Brent Buckner, associate professor of biology.

Another grant titled "Increasing Diversity at the Annual Botanical Society of America Meeting" was awarded to Osborn along with Karen Renzaglia of Southern Illinois University-Carbondale for \$59,955.

Europe in Transition to Visit Bergen, Stockholm, Copenhagen, Oslo and Amsterdam

An international study program titled "Europe in Transition" will leave for Bergen, Stockholm, Copenhagen, Oslo and Amsterdam on May 14, the day after finals end, and return May 31, in time for summer school, internships, or summer jobs. Students will earn 6 hours of academic credit. University policy allows students to fulfill 3 hours of the inter-cultural requirement and 3 hours of elective credit.

The brochure, available in the Business and Accountancy Division office, details a program which will be a life-changing experience. One may read about the things students will experience, but to experience them is to really understand them. In a world which is more global every day, the travel experience will help students understand the people of other cultures. With this understanding students will be able to interact, conduct business, and live more peacefully in a fast-changing world.

Europe in Transition is an approved study abroad program of Truman State University. Mary Giovannini, professor of business administration, has organized and conducted this program for 12 years. Jim Bailey, business and accountancy division head, who is accompanying the group, too, lived in Scandinavia for several years.

Students will study the European Union and the effects of the Euro. Bergen, Stockholm, Copenhagen, Oslo and Amsterdam will be explored. We will learn about and interpret cultural events and historical events as time permits. Beginning the first week of February, weekly study classes will be held. Readings are required. As a part of the study meetings, students will have speakers on the European Union, speakers from countries they will visit, and orientation sessions. The more one knows about these matters ahead of time, the more that will be learned from the on-site experience.

Each student is expected to keep a journal starting with the first study-orientation class. While traveling, the student will keep track of places visited, the people talked with and their impressions about the conversations and events. Upon returning to the United States, a paper is required. In the paper the student will combine information from readings and lectures with actual experiences. The paper will be due June 30.

Informational meetings will be held at 6 p.m., Jan. 14, Jan. 15 and Jan. 20, in Violette Hall 1400. Information is available from Giovannini, in Violette Hall 2448, call 785.4365 or e-mail maryg@truman.edu.

Notables

Jim Barnes, writer-in-residence and professor of comparative literature, has a short story titled "Deacon Jim Miller's Last Known Address: Ada Jail, 9 April 1909" featured in the current issue of *The Connecticut Review*. Barnes has had a translation from the German of Dagmar Nick's poem titled "For the Time Being" accepted for publication in *Natural Bridge*, a St. Louis literary magazine. The same translation will be included in a forthcoming anthology titled "The Literature of Genesis," edited by Howard Schwartz at the University of Missouri-St. Louis. In addition, Barnes has had his original poem titled "Ithaka 2001" accepted for publication in the forthcoming anthology "Wings and Waking Dreams" (Abbeywood Press, 2003). He will also have his short story "The Wild Plum" appearing in the same anthology.

Amanda Combs, senior chemistry major from Lone Jack, Mo., was recently awarded an NSF-REU Leadership grant to partially fund her travel to present her REU summer research at the Spring 2003 American Chemical Society meeting in New Orleans. **Michael Mann, assistant professor of counseling**, had his article "Service System: Building Strategies in a Rural Area for Children and Youth with Severe Emotional Disturbances" published in the *National Forum of Applied Educational Research Journal*. "His manuscript earned high marks from members of our National Board of Invited Distinguished Jurors representing National Forum Journals," William Kritsonis, editor-in-chief of the *National Forum of Applied Educational Research Journal*, said.

Robbie Rader, freshman biology major from Marionville, Mo., attended the 75th National FFA Convention in October in Louisville, Ky. Along with three others from Missouri, she competed in the

Nursery/Landscaping Career Development team event and placed second out of 43 teams from across the nation. Rader placed first overall in "Knowledge and Concepts" and second in "Techniques" in individual competition. She received a \$900 scholarship from FFA for her accomplishments.

Mark Spitzer, assistant professor of English, has a new book of translations titled "From Absinthe to Abyssinia: Selected Miscellaneous, Obscure and Previously Untranslated Works of Jean-Nicolas-Arthur Rimbaud" published by Creative Arts, Berkeley, Calif.

The Truman Forensics Union captured third place at the Ohio State University "Holiday Frolic" Invitational Forensics Tournament, and a comparable third place at Otterbein College's twin tournament, "Frolic Some More," Dec. 6-8 in Columbus and Westerville, Ohio, respectively. Their combined performance at the two tournaments made Truman first overall for the weekend.

Heather Collier, senior communication major from Charleston, Mo.; Jennifer Intihar, senior communication major from Oak Forest, Ill.; and Ryan O'Shea, senior communication major from Chesterfield, Mo., were awarded internships for summer 2003 from the Dow Jones Newspaper Fund. All three students are members of the *Index* staff. The Fund, founded in 1958 by editors of *The Wall Street Journal* to improve the quality of journalism education and the pool of applicants for jobs in the newspaper business, conducts an intensive nationwide search for 120 interns. These interns then work at internships in publications across the United States. Collier will be at the *Nashville Tennessean*; Intihar will be at the Knight-Ridder Washington Bureau in D.C.; and O'Shea will be at the *Cape Cod Times*.

Recycling Center Recycles Printer Cartridges

Do you ever wonder what to do with those laser and ink-jet cartridges that run out of ink? Simple, take them to the nearest recycling bin located in the residence halls and in campus buildings. If you are having trouble finding a bin, call the Recycling Center at 785.7672 and they will help you find the nearest location. The Recycling Center accepts all printer cartridges.

It is preferred that the printer toner cartridge be placed in the original box it came in. If that no longer exists you can put it in the box your new cartridge came in.

Those students living off campus can take their printer toner cartridges to the Truman Recycling Center located off LaHarpe Street, across from the repelling tower at the south end of campus.

The Recycling Center also accepts paper, plastic, aluminum and cardboard.

Thanks for doing your part to protect our environment for future generations.

Two Graduates Receive General Honors

Rachel Johnson and Jeremy Gray received General Honors medals at the General Honors medal ceremony Dec. 20.

Johnson received a Bachelor of Arts degree and a Bachelor of Science degree in psychology. Dana Delaware, professor of chemistry, presented the award to Johnson.

Gray received a Bachelor of Arts degree and Bachelor of Science degree in political science as well as a Bachelor of Arts degree in philosophy and religion. Candace Young, professor of political science presented the award to Gray.

MARK YOUR CALENDARS

KOHLBERG LYCEUM SERIES

7:30 P.M.
JAN. 28
BALDWIN
AUDITORIUM

CALL 785.4016
FOR MORE INFORMATION

Notes

The Women's Studies Committee announces a call for papers on gender trouble. The deadline to submit an abstract is Jan. 31. Members of the Truman and Kirksville communities are invited to submit abstracts to Linda Seidel at lseidel@truman.edu.

There will be a 2002 National Volleyball Tournament to honor the 2002 national runner-up volleyball team from 6-9 p.m., Jan. 18, in the SUB Georgian Room. Cost is \$10 per person. Contact Jerry Wollmering at 785.4236 for more information.

The Faculty Development Committee as part of Faculty Development's 2003 Weekly Lunch Series is hosting "An Inaugural Celebration: The Center for Teaching & Learning" from 12:30-2:30 p.m., Wednesday, Jan. 22, in the SUB Georgian Room. There is a \$5 meal subsidy to Mainstreet Market that day and cake will be offered after a short program. Come and go as your schedule allows.

The Globalization Series will continue this semester with a panel discussion/lecture "Global Terror" from 7:30-9 p.m., Jan. 23, in the SUB Activities Room. Speakers will be Wolfgang Hoeschele, John Ishiyama and Betty McLane-Iles. The event is free and open to the public. Contact Linda Seidel at 785.4491 for more information.

May 2003 Graduates-If you have made any changes to the proposed class schedule(s) on your graduation application, please notify

the Registrar's Office soon to update your application. Timely updating helps you ensure that all degree requirements will be met and helps you avoid last minute concerns. Be sure to follow up on all comments written at the bottom of your application. If you have questions regarding comments on your graduation application, please contact the Registrar's Office at 785.4143 for clarification. Students, if you have recently moved to a new off-campus address, please update your address and phone number with the University. Updates can be made online at <http://pipeline.truman.edu>, or by contacting the Registrar's Office.

Interested in a long term immersion experience in French and German without actually leaving the country? Then help create a French/German House by letting your faculty know you're interested. Contact Timothy Farley at tfarley@truman.edu or Andrea Davis at andavis@truman.edu for French and/or German. They need student input. Students interested in becoming public school foreign language teachers (French or Spanish) are encouraged to enroll in LFLF 101 Pre-MAE Seminar in FL Education. This second block course meets from 6:30-8:30 p.m. Thursdays. Contact Eric Jewell at 785.7646 or at ejewell@truman.edu or Timothy Farley at 785.4520 or tfarley@truman.edu for more information.

On Campus

15 WEDNESDAY

8 p.m.-Chamber Winds concert, OP Performance Hall; see Master Calendar

16 THURSDAY

7:30 p.m.-Daniel Trutwin voice recital, OP Performance Hall; see Master Calendar

17 FRIDAY

7 p.m.-Wrestling vs. Minnesota State-Mankato, Pershing Arena

18 SATURDAY

1:30 p.m.-Women's basketball vs. Pittsburg, Pershing Arena

3:30 p.m.-Men's basketball vs. Pittsburg, Pershing Arena

6-9 p.m.-Volleyball banquet, SUB Georgian Room; see Notes

7:30 p.m.-Janet Coggins graduate recital, OP Performance Hall; see Master Calendar

19 SUNDAY

3 p.m.-The Ecumenical Service of Love and Peace, First United Methodist Church; see Page 1

20 MONDAY

Martin Luther King Jr. Day, no classes/all offices closed

3 p.m.-Unity VIII: A Celebration of Unity Through Song, Dance and Words, Baldwin Auditorium; see Page 1

21 TUESDAY

11:15 a.m.-Unity Luncheon, SUB Activities Room; see Page 1

7 p.m.-Retrospective Art Exhibit and Reconnecting-Ceramics Exhibit reception, University Art Gallery; see Master Calendar

Scholarship Opportunities Available

Several scholarship opportunities are available to Truman students with deadlines in February.

The Government Finance Officers Association of the United States and Canada is pleased to announce the following scholarship opportunities.

George A. Nielsen Public Investor scholarship for \$5,000 or two \$2,500 scholarships to students who have been admitted on a full or part-time basis to an undergraduate or graduate program in public administration, finance, business administration or a related field.

The Frank L. Greathouse Government Accounting scholarship for \$3,500 scholarships for senior students who are enrolled full-time in a university or college undergraduate accounting program in the U.S. or Canada.

Minorities in Government Finance scholarship for \$5,000 for minority students of public administration, (governmental) accounting, finance, political science, economics or business administration with a specific focus on government or nonprofit management at the upper-division undergraduate or graduate level.

Candidates for each of the above scholarships should have a superior record of academic achievement and/or job performance and show promise of completion of their studies at a high level of performance. In addition, candidates should have plans to pursue a career in state or local government. All applications must be postmarked no later than Feb. 7. Contact the Financial Aid Office in McClain Hall 103 for more information or an application.

Call for Abstracts

OVERVIEW

ON THURSDAY, APRIL 10, 2003, Truman State University will convene a University-wide *Celebration of Student Research, Scholarship, and Creative Achievement*. This umbrella event will include two separate meetings, the 16th Annual Undergraduate Research Conference and the Graduate Research Conference, that are united by a cohesive program. The Graduate Research Conference will become an annual event. Students from all academic Disciplines and Divisions are invited and encouraged to present their scholarly or creative work.

The day-long *Celebration* event is an expansion of Truman's very successful Undergraduate Research Conference. Scheduled classes will not meet during the day on April 10, and it is hoped that faculty will formally integrate the event into course schedules and syllabi by incorporating relevant assignments. Some suggested ways of doing this are listed on the *Celebration* web site (<http://celebration.truman.edu>). In addition to providing a venue for graduate student presentations and implementing on-line abstract submissions, the event will include a number of other new features such as a Keynote Lecture and roundtable discussions for both students and faculty.

PRESENTATION TYPES

Presentations will be grouped into disciplinary and interdisciplinary sessions based on the overall distribution of abstracts submitted. Authors select the scholarly area and the presentation type that is most appropriate for their project. The presentation options are listed below.

Oral paper – Oral papers, or podium presentations, will be 15 minutes in length (including time for questions) and grouped into sessions based on topic or discipline. Overhead transparency projectors, 35 mm carousel slide projectors, and a computer with multimedia and projector will be standard presentation options. Authors who wish to deliver computer-based presentations should use software packages that are on the campus computer image (i.e., campus standards). If additional audio-visual equipment is needed (e.g., video player and monitor), authors should indicate this on their on-line submission form.

Poster presentation – Posters will fit onto bulletin boards that are 4 ft tall and 6 ft wide. Push-pins for securing presentation material to the bulletin boards will be available on-site.

Studio art – Studio arts presentations will be examples of creative works from the fields of painting, photography, print making, ceramics, sculpture, fibers, or visual communications. Students will present a body of

work to encompass no more than 8 sq ft. These works will be displayed throughout the Ophelia Parrish Fine Arts building; thus they will need to be matted, mounted, framed, or otherwise presented in a professional manner. The abstract proposal must be accompanied by a description of size, media, and an artist's statement of intent.

Performing art – Performing arts presentations will be examples of theatrical or musical performances, or a combination of the two. The performances will be 12-18 minutes in length, with an additional 2-3 minutes for questions concerning the composer/writer, style, influence, and performance demands. The performances will take place in the Ophelia Parrish Fine Arts building, where stages, performance halls, and classrooms will be made available. The abstract proposal must be accompanied by a description of needed equipment (props, music stands, etc.), and a brief summary of the work's style and influence.

Technology showcase – Technology presentations will be displayed on one-half of a standard, 8 ft long folding table. Space can be used to display computer graphics, continuous (looped) video presentations, and/or other technology demonstrations. Some type of written description of the project should accompany the display.

Roundtable discussion – Discussion sessions provide the opportunity for individuals or groups to moderate sessions that are focused on timely, controversial, or perennial topics. Session topics might include a wide range of scholarly issues, and some will be student-oriented (e.g., how to get started on a scholarly project, tips for delivering excellent presentations) and others will be faculty-oriented (e.g., how to mentor student work, the value of collaborative, interdisciplinary research, faculty showcases). The roundtable sessions will be one-hour, 'brown bag' discussions held over the lunch hour. There will be a maximum number of such sessions that the program can accept.

Posters, technology displays, and studio art works will be on display throughout the day, with the author(s) available at a scheduled time for discussion and questions.

SUBMISSION GUIDELINES

DEADLINE: FEBRUARY 24, 2003

1. **Eligible work** – An eligible presentation will report, perform or represent the outcome of substantial work by a student or group of students. While the project may have its origin in an assignment for a class, the presentation should show it has been developed above and beyond a class requirement. It is a paper, artifact or performance that can truly be called a creative achievement.

2. **Faculty mentor required** – Each presentation should be sponsored or co-sponsored by a Truman faculty mentor(s); non-sponsored abstracts will not be accepted. If students wish to present scholarly work that has been conducted during an off-campus research internship-type experience, and the faculty mentor is from a different institution, the student should identify a Truman faculty member to be a co-sponsor of the presentation and to help with planning the presentation.
3. **Abstract requirement** – Each presentation requires an abstract. An abstract is a summary of the project, and should reflect the professional format normally associated with scholarly work in the discipline (e.g., an abstract of an artistic performance may be similar to the program notes that typically accompany such a performance; science abstracts typically include background information, methods, results, and a brief discussion). All abstracts will appear in the *Celebration* program.
4. **Student authorship** – The same student should not be a first author on more than two abstracts. Both single- and multiple-author presentations are welcome. In addition, if undergraduate and graduate students are collaborators on a project all can be joint authors on the presentation.
5. **Abstract preparation** – Student authors should adhere to professional submission standards when preparing abstracts and should work with their faculty mentors to ensure that their abstract is correct, complete, and that all guidelines are followed. The body of the abstract should not exceed 150 words, and it can be composed and edited using standard word processing software. The final abstract, along with other information, will need to be submitted via the on-line submission form. Examples of abstracts can be viewed on the *Celebration* web site (<http://celebration.truman.edu>).
6. **Interdisciplinary presentations** – Interdisciplinary presentations are encouraged, and those who would like to apply for inclusion in the Phi Kappa Phi special interdisciplinary session should indicate so on the submission form.
7. **On-line submission** – Submission of abstracts, titles, and other relevant information for all presentations should be carried out on-line at the *Celebration* web site (<http://celebration.truman.edu>). Copies of the information submitted will be sent electronically to the student presenter(s), the faculty mentor, and the Program co-chair of the academic Division selected for submission (see below). The submission site will open in late January 2003, and the deadline for receiving abstracts is February 24, 2003 (5:00 pm CST).

FACULTY MENTORS

The size and scope of the conference preclude any type of peer review of abstract, and virtually all student submissions are accepted for presentation. Consequently, each student presentation must be sponsored by a faculty mentor, and the Program Committee will rely on faculty mentors to work with their student(s) to ensure that abstracts are correct, complete and the result of eligible work (see submission guidelines above). While the primary goal of the *Celebration* event is to encourage and reward student research, scholarship and creative activity, faculty mentors should remember that their student's presentation also reflects upon themselves and their academic Discipline and Division. At the very minimum, faculty mentors should: 1) ensure that the student(s)

have complied with the submission guidelines, 2) proof-read the abstract prior to submission and give the student(s) appropriate feedback and editing, 3) formally approve the abstract submission, and 4) preview the presentation prior to the conferences and give appropriate feedback to enhance the quality of the presentation.

PROGRAM & SCHEDULE

The abstracts and final program will be available on-line at the *Celebration* web site (<http://celebration.truman.edu>) and hard copies will be distributed to each Division Office prior to the event.

Questions about the program for the *Celebration* event should be directed to the appropriate divisional Program co-chair listed below, or to the Chair of the Program Committee: Dr. Jeffrey M. Osborn, Division of Science, Magruder Hall 251, Tele: 785-4017, E-mail: josborn@truman.edu.
