United Way Reaches 100 Percent at Truman

The last heart was put up on the United Way goal sign east of the Student Union last week as group leaders continue to turn in pledge cards from faculty and staff. Student organizations are still responding with their pledges and fund-raising activities in support of the agencies which depend on monies from the United Way effort.

Campaign co-chairs Donna J. Bailey and

Doug Daubert wish to thank the special people of Truman State University who responded generously with their donations of time and money to make the campus fund drive a success. However, the campaign is not over until all pledge cards are returned. You can still contribute by turning in pledges to the Student Union Office. The Adair County area campaign continues in the effort to reach the \$270,000 goal.
