Truman Forensics Cleans Up at Drury

Members of the Truman Forensic Union descended upon Springfield, Mo., on Oct. 8-10, in force and came away with a sweep of the top honors in debate and several notable awards in individual speaking events.

The team captured both the debate sweepstakes championship and the combined debate/individual events sweepstakes championship. In addition, the team of Tyson Helder, senior communication and political science double major from Sioux Falls, S.D., and Sam Hodge, freshman political science and communication double major from Blue Springs, Mo., defeated the University of Missouri-Columbia in the final round of parliamentary debate to take home the Drury "Ozarks Big Eight" cup.

In parliamentary debate, Truman advanced a total of five teams to elimination rounds. In addition to Helder and Hodge, the team of Matt Harms, senior economics major from Galesburg, Ill., and Ryan Walsh, senior philosophy and religion and communication double major from Cassville, Mo., had a perfect 8-0 in preliminary rounds before losing an unfortunate octafinal round to a team from Drury University. Three other Truman teams advanced to the quarterfinal round of

the tournament. These teams included Meghan Kunkala, senior biology major from Hattiesburg, Miss., and Dylan Rothermel, freshman chemistry major from Homewood, Ill.; Matthew "Cody" Snyder, freshman political science and economics double major from Neosho, Mo., and Mariam Savabi, freshman health science major from Maryland Heights, Mo.; and Todd Turner, freshman communication major from Chesterfield, Mo., and Stefani Wittenuaer, sophomore communication and political science double major from Belleville, Ill. Truman also dominated the field in parliamentary debate speaker awards with Walsh taking first, Helder taking second, Hodge taking third and Harms taking ninth.

In individual speaking events, Truman ranked third in sweepstakes with several individual honors. Heather Timmerman, freshman communication major from Hillsboro, Mo., was the tournament champion in poetry interpretation. Kunkala was second in extemporaneous speaking and rhetorical criticism. Walsh was fifth in after-dinner speaking. Snyder took fifth in extemporaneous speaking, while Turner and partner Erin Palmer, freshman political science and justice systems double major from Kansas City, Mo.,

Kohlenberg Lyceum Series Presents Shakespeare's "Twelfth Night"

The Kohlenberg Lyceum Series will continue with the Shakespearean masterpiece "Twelfth Night" at 7:30 p.m., Nov. 1, in Baldwin Auditorium.

Written in 1600 and set against a background of romance and mystery, this hilarious story of identical twins and mistaken identity, set in the mystical world of Illyria, explores the universal themes of love and all its ambiguous effects on human behavior.

The Aquila Theatre Company will take this great Shakespearean masterpiece and infuse it with their unique brand of innovative and exciting theatricality. Aquila's creative team, led by Peter Meineck and Robert Richmond, will free the essential spirit of the play in a production, which will be both faithful to Shakespeare and relevant and accessible to a modern audience. This contemporary production will still encompass and enhance the shipwrecks, duels, love and jealousy, disguises, suspicion and ultimate

reconciliation of Shakespeare's superb text. Aquila's excellent British/American ensemble of professional actors will bring their unique experience, dedication and creativity to the stage.

Aquila's new production of Shakespeare's "Twelfth Night" promises to thrill and enchant. With a cast of superb performers, a remarkable original music score, Aquila's much admired brand of innovative design and unique physical approach, this production of "Twelfth Night" will undoubtedly be an experience not to be missed.

Free tickets to the "Twelfth Night" will be available to students, faculty and staff beginning Oct. 25, with a University ID at the Student Activities Board Office and the Center for Student Involvement, lower level of the SUB.
