Kohlenberg Lyceum Series Continues With Opera Center's *Carmen*

Four acts of *Carmen*, an opera about a gypsy girl who seduces a young soldier only to cast him aside for a new lover, will continue the 1997-98 Kohlenberg Lyceum Series as the second event in the series. *Carmen* will be performed

by the San Francisco Opera Center at 5 p.m. on Oct. 19 in Baldwin Auditorium. Free tickets for students, faculty and staff will be available beginning Oct. 13 in the Student Activities Board Office, SUB.

Vibrant and sensual, the gypsy woman, *Carmen*, arouses the darkest passions in those she meets. She seduces Don José but later goes after a new lover ... with fatal results. Bizet's brilliant, grand-scale work features one of opera's most compelling female characters and some of the most beautiful melodies ever conceived.

It was the late Kurt Herbert Adler, second general director of San Francisco Opera, who first envisioned the opera program: a small ensemble of young American singers who would take opera into communities where it might otherwise never be heard. Western Opera Theater (WOT), the tour company of the San Francisco Opera Center, presents full-length productions of opera in communities where live opera is a rare occasion—simultaneously developing new audiences and introducing students to opera through special, condensed operatic arrangements and extensive workshops.

The San Francisco Opera did its first tour in 1967; since that time, it has given 2,675 performances for 2.6 million people in 420 cities in 45 states and five countries, covering more than 480,000 miles. The goal has always been simple: opera for everyone.

Year after year, Western Opera has disproved the notion that opera is strictly

highbrow-foreign stuff for rich folks in big cities. It has shown that opera is living theater for all Americans.

Communication and community have been key to all WOT tours. Until 1993, all performances were sung in English translations to be sure the audience understood what was going on. Since 1994, the operas have been sung in the original language with English translations projected above or next to the proscenium. *Carmen* will be sung in French with English supertitles on the Truman stage.

Campus United Way Group Leaders

Truman Wins 1997 AWHP Award

Truman was represented at the 23rd Annual Association for Worksite Health Promotion International Conference Sept. 17-20 in Chicago.

The conference was attended by Fontaine Piper, director of Health and Exercise Science, Carol Cox, assistant professor of health and exercise science and health science majors Kelly Telleen, Patricia Lammert and Melinda Norwood.

The Professional Preparation Award recognizes a college or university that sponsors a professional training program for students. The director of the program must be an AWHP member.

Winners were recognized at the conference in three ways: a brochure distributed to all conference attendees; a poster presentation at the conference; and an award presentation during one of the general sessions.

Truman was evaluated for its undergraduate program by several criteria: length of time students and/or faculty have been assigned to the curriculum; number of students graduating from the program annually; curriculum, including

organization and or administrative skill development, facility operations/management, training in health promotion program development, program delivery and program evaluation, health promotion and fitness research, and financial management; credentials of the program director; credentials of faculty/staff; practicum experience, including notebook/log of experiences, special projects and systematic plan of program evaluation; and finally, curriculum and program syllabus.

Students Intern At State Capitol

Truman State University students interested in government internships have the opportunity to work at the capitol in Jefferson City. The Missouri Government Internship Program offers an opportunity for students to intern with a public legislator or agency during the Missouri General Assembly each spring. Interns get an inside look at state government. The internship is open to all majors.

Students are invited to attend the informational meeting at 7 p.m. on Oct. 13 in the SUB Spanish Room. During the session, selection committee members will have an opportunity to meet prospective interns. After students have turned in their applications, candidates will be interviewed by a screening committee. Once selected, assignments will be made.

The goal of the internship is to have each placement become a

successful learning experience. Interns are assigned to public officials or offices based upon compatibility and interests. Care is taken to consider student majors, political orientations, career goals and student preferences.

Interns live in Jefferson City during the spring semester and receive a stipend of \$2,200.

Interested students may contact David Clithero in McClain Hall 202, 785.7432.

Grandfather Of Militia Movement To Talk

Military intervention is one of several topics that speaker John Trochmann, co-founder of the Militia of Montana, will talk about in his presentation, "America's Judgments: What Lies Ahead?"

Trochmann, whose program is sponsored by the Division of Language and Literature, will speak from 7 to 9 p.m., Oct. 8 in Baldwin Auditorium.

Trochmann was raised on a cattle and grain farm in northern Minnesota where he attended a one-room country school. He served in the Naval Air Force during the Cuban Missile Crisis and was honorably discharged in 1965. For 30 years, he worked in manufacturing and distribution, before moving to northwestern Montana in the early '80s, where he was semi-retired until the formation of the Militia of Montana (M.O.M.).

Having been in the Patriot Movement for the past 20 years, he co-founded the M.O.M. in early 1994. Since that time, Trochmann has appeared on hundreds of radio and television talk and news shows, including the *Phil Donahue Show* and *This Week with David Brinkley* as a guest analyst. Trochmann has lectured to numerous colleges and universities. He has testified before the United States Senate and has debated the Montana Attorney General and a U.S. government prosecuting attorney, among many others.
