

# Amendment 7: Impact on Kirksville

In addition to the \$9 to \$11 million reduction in the state appropriations for Northeast Missouri State University, many other local services could be affected if Amendment 7 is approved.

"After the first regional task force meeting it became clear how far reaching the devastation of Amendment 7 could be," Bob Dager, task force chair, said.

Following are examples of how Amendment 7 would impact some areas in Kirksville.

## Highway Funding

- ✓ Highway projects such as widening Hwy. 63 could be reduced or eliminated. \$4 billion in state and federal funding could be lost over the next 15 years.

## Economic Development

- ✓ Efforts to bring new jobs to Kirksville could be hampered through the reduction of funds for economic development.

## County Government

- ✓ Adair County would lose \$180,000 in funding for roads and bridges

## Health Services

- ✓ Preferred Family Healthcare could lose \$500,000 and 15 full-time positions.

## Kirksville R-III School District

- ✓ Amendment 7 could reduce local and state funds to the Kirksville R-III School District by a minimum of \$767,940. **Possible Cuts:** closing of Greenwood School; dropping or reducing athletic and extracurricular activities; reducing or eliminating health and life insurance for employees; at least a 20 percent reduction of instructional, custodial, building upkeep and administrative supplies; reducing contract days for all personnel; and eliminating teaching, administrative and support staff positions.

*In general, the replacement of these funds could only be found at the local level. Should the public wish to continue funding at the current level, it would take a 69 cent increase in the local tax levy.*

## Novinger & Brashear Schools

- ✓ Novinger and Brashear schools would lose more than \$100,000 each in state and local funds.

## Adair County Library

- ✓ According to the Missouri State Library, passage of Amendment 7, could cost the Adair County Library:
  - ✓ \$8,000 in federal grants and \$10,000 in state aid annually.
  - ✓ Half its staff, or 5 of 11 people.
  - ✓ Half its book budget.
  - ✓ Loss of library hours; the library would be open 10-15 hours less each week.
  - ✓ The interlibrary loan program.
