

TRUMAN

A Weekly Publication for Students, Faculty, and Staff

T O D A Y

Vol. 7, No. 2

Aug. 27, 2002

The *Truman Today* is a weekly online publication for students, faculty and staff where you can find out about events on campus.

Future issues will be available through Campus Pipeline, and additional copies will be posted on campus.

Students, faculty and staff can check out the *Truman Today* online on Mondays at <http://trumantoday.truman.edu>.

ITS Announces New System, Campus Pipeline, for Student E-mail, Information

Campus Pipeline is now available for Truman students, faculty and staff. The site provides students with Web-based e-mail and the University community can access campus announcements and news. As the SCT Banner implementation project continues, Campus Pipeline will provide students, faculty, advisers and staff access to many online functionalities. For example, students will be able to register for classes using Campus Pipeline in mid spring 2004 for the summer and fall 2004 semesters. Faculty will be able to view their class rosters as well as their teaching schedules online beginning in late fall 2003. Logon to Campus Pipeline and click on "School Services" to see the detailed list of functionalities.

Students should access their e-mail through the Campus Pipeline portal. Prior access to student e-mail accounts were available through Eudora and Webmail, a Web-based e-mail.

All incoming students have been taught the new method of e-mail. Campus Pipeline is accessible by directing your Internet browser to <http://pipeline>.

truman.edu. Student usernames will remain the same, but their password will be reset to their social security number without spaces and dashes.

However, students will be able to log in to their old e-mail account at <http://webmail.truman.edu> with their old password throughout the fall semester in order to read or copy their e-mail messages or retrieve contact information. In order to keep old messages from their old account after this semester they will need to copy them to Campus Pipeline. Instructions for this can be found at <http://its.truman.edu/pipeline/>.

Students who currently have their Truman e-mail forwarded will have to re-forward their e-mail using Campus Pipeline.

For additional help or problems accessing the new account, please contact the ITS Helpdesk at 785.4544 or e-mail them at helpdesk@truman.edu. Please send any comments, suggestions or concerns about Campus Pipeline to cpfeedback@truman.edu.

All new and returning Truman students are invited to attend the Activities Fair

noon - 4 p.m.
Aug. 28
on the Quadrangle
(rain site is the SUB)

Activities Fair Offers Organization Information

The annual Student Activities Fair will kick off at noon, Aug. 28, on the Quadrangle. Students, new and returning, will be able to gather information and get a brief overview of what type of organizations exist at the University. Approximately 75 organizations and community vendors are expected to participate in the fair.

The Center for Student Involvement sponsors the Student Activities Fair yearly to provide an opportunity to gather information to develop a clearer picture of what activities match their individual interests. The fair will last until 4 p.m., enabling students to come and go as they please between classes. The Center for Student Involvement said organizations were able to

sign up to be a part of activities day last spring, but they will still take applications and place organizations on a first come, first serve basis.

Sodexo food services and the Student Union Building will also hold events during the activities fair. Sodexo will be sponsoring the annual pingpong drop on the Quadrangle with free prizes and coupons to be won from the University, fast food restaurants and other vendors in the Kirksville community. The SUB will have an open house to get students acquainted with what services the Student Union Building offers for students. The open house will be from 11 a.m.-3 p.m., in the main concourse of the Student Union Building.

Truman Faculty Promoted

The Truman Board of Governors at its June 15 meeting approved faculty promotions to associate professor and professor. These promotions are an important milestone in our colleagues' careers and recognition of their past and future contributions to Truman.

Promoted to associate professor are: Kathryn Brammall, history; Mark Campbell, agriculture; Stephanie Foré, biology; Jeffrey L. Gall, history and social science education; Alan Garvey, computer science; Stephen Hadwiger, nursing; José Herrera, biology; Brian Lamp, chemistry; James Padfield, health and exercise sciences; Stephanie Powelson, nursing; Antonio Scuderi, Italian; and Mary Shapiro, linguistics.

Promoted to professor are: Dawood Afzal, chemistry; Warren Gooch, music; Jerrold Hirsch, history; Thomas Hueber, music; Gregory Jones, music; Shannon Jumper, Russian; Emmanuel Nnadozie, economics; Janice Saffir, music; and Cole Woodcox, English.

Vice President for Academic Affairs Garry Gordon in his congratulatory letter to the newly promoted faculty stated that "building a budget for ... fiscal year [2003] that included faculty promotion salary increases presented quite a challenge. In presenting this year's promotion recommendations to the Board for consideration, President Magruder noted that these promotions were in recognition of the work and commitment of the recommended faculty over many years. Dr. Magruder made awarding these promotions a priority from the outset of the budget process."

SERVE Center Coordinates Volunteers for Community, University Service

If you are interested in volunteering on campus or in the Kirksville community, the SERVE Center is ready to help hook you up with a volunteer project.

The SERVE Center, located on the main floor of the Student Union Building, assists and promotes student involvement in community service.

The SERVE Center provides information about organizations that are looking for volunteers. It also assists volunteers in contacting someone involved in a particular project. Students can fill out an information sheet at the SERVE Center that allows the Center to notify a volunteer of an opportunity that appeals to their interests.

Upcoming opportunities available through the SERVE Center are tutoring at area schools and the Special Olympics Bowl-4-Gold on Oct. 26. This is the second year the SERVE Center has coordinated this event. Teams of five are needed to raise \$25 per participant which will go to the success of the Special Olympics.

Another opportunity is to volunteer at the Family Advocacy Center. The Family Advocacy Center needs volunteers to assist with the after school program as well as one-time projects.

Contact the SERVE Center at 785.7222 for more information about volunteer opportunities.

Transit Service Available for Kirksville Citizens

If you don't have a car, Kirk-Tran may be your answer. Kirk-Tran, the public transit service administered by the City of Kirksville, is a cooperative effort between the city, the Kirksville Regional Center and OATS Inc.

Although Kirk-Tran is not an OATS program, they have a contract with OATS to provide its buses, drivers and office staff to this expansion of OATS services. The Kirk-Tran logo is displayed on OATS buses while they operate during these additional times.

Kirk-Tran has added additional week-

day hours to serve its Kirksville customers. Kirk-Tran operates weekdays now from 6 a.m. until 5 p.m., Saturdays from 10 a.m. to 10 p.m., and Sundays from 8 a.m. to 5 p.m. The cost of the ride is \$1 each way, and reservations must be made at least one business day in advance by calling the OATS office at 1.800.654.6287.

Kirk-Tran is funded by the City of Kirksville, Kirksville Regional Center, MoDOT and a grant from the Missouri Planning Council for Developmental Disabilities.

KBIA Signal Now Rebroadcast on 89.7

With the help of the Truman State University tower, and the purchase of some new equipment, and the cooperation of CableOne and KBIA, members of the Kirksville community are now receiving a stronger National Public Radio signal under the call letters KKTR. KKTR rebroadcasts KBIA on 89.7 FM at 1000 watts, instead of the 10-watt translator (58 watts ERP) that had been used in the past. This endeavor also gives Adair County permanent access to KBIA.

For those members of our community

who listen to KBIA and would like to help defray the University's equipment costs associated with the new and stronger signal, a fund has been established with the Truman State University Foundation to accept charitable gifts. Gifts to the fund will be used this year exclusively for the purpose of establishing KKTR to provide a strong and reliable National Public Radio signal to our community. If you are interested in helping with this project, please contact Dean Van Galen at 785.4133 or Heidi Templeton at 785.4016.

Off-campus students need to update their address and phone number with the University. Updates can be made on-line at <http://pipeline.truman.edu>, or by contacting the Registrar's Office.

Kohlenberg Lyceum Series Provides Cultural Experiences for Community

Since the Kohlenberg Lyceum Series began in 1899 as a lecture course, its aim has been to broaden the cultural experience of students, faculty, staff and the community through speakers, music and drama. Each year a selection of performing arts and entertainment attractions including concerts, professional dance troupes and guest lecturers are brought to campus. Over the years the Lyceum has featured a wide variety of excellent programs, such as Preservation Hall Dixieland Band, Vincent Price, St. Petersburg State Ice Ballet, Maya Angelou, Guthrie Theatre, Capt. Jim Lovell, Helen Thomas and the Saint Louis Symphony.

Kansas City Symphony

Gus Giordano Jazz Dance
Chicago

The Kohlenberg Lyceum Series season tries to provide a carefully balanced lineup of performers to appeal to its wide and diversified audience. In addition, the tickets for Truman students, faculty and staff are free.

The new season opens with a performance by Gus Giordano Jazz Dance Chicago at 7:30 p.m., Sept. 24, in Baldwin Auditorium. Mark your calendars, tickets will be available one week prior to the performance in the Student Activities Board Office or in the
