

Gordon and Delaware receive William O'Donnell Lee Advising Awards

Garry Gordon, associate professor of art, and Dana Delaware, associate professor of chemistry, are the second winners of the William O'Donnell Lee Advising Awards. Both award winners will receive a \$1,000 professional development fund.

The awards were established in honor of the late William O'Donnell Lee, a member and chair of the University's Board of Regents in the 1970s. The Lee awards were established as part of a three-year project to improve academic advising at the University.

Pictured (l-r) are Lanny Morley, vice president for academic affairs, Gordon, Delaware and President Jack Magruder. ☺

Football and Volleyball teams head to playoffs

The Northeast Football Team has been selected for the 1994 NCAA Division II football playoffs and will meet North Dakota in a first-round game at 1 p.m. Nov. 19 in Memorial Stadium at Grand Forks, N.D.

The Bulldogs finished their regular season with an 8-2 overall record and a second-place finish in the Mid-America Intercollegiate Athletics Association. Northeast will make its fourth trip to the Division II playoffs and third appearance since 1990. ☺

Northeast's women's volleyball team has made the NCAA Division II playoffs for the first time in the University's history. The Lady Bulldogs, who ended the regular season with a mark of 27-10 overall and a 14-4 record in the Mid-America Intercollegiate Athletics Association, will face Central Missouri State at 7:30 p.m. Nov. 18 in the South Central Regional Tournament to be held in Warrensburg. ☺

Science Seminar focuses on new social ethic on animals

The Science Seminar Series will feature a lecture on "Animal Production and the New Social Ethic for Animals" at 7:30 p.m., Nov. 28 in the SUB Alumni Room. Bernard Rollin, professor of physiology and professor of physiology and biophysics at Colorado State University will present the lecture.

Rollin, director of Bioethical Planning at CSU, taught the first course ever done in the world in veterinary medical ethics and was a pioneer in reforming animal use in surgery teaching and laboratory exercises in veterinary colleges. Principal architect of recent (1985) federal legislation, Rollin dealt with the welfare of experimental animals.

Rollin has lectured extensively on animal ethics, genetic engineering, animal pain, animal research, animal agriculture, veterinary ethics and other topics in bioethics and philosophy all over the world. He is the author of more

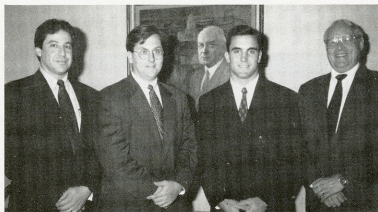

than 150 papers and eight books, of which the best known is *Animal Rights and Human Morality*. Rollin currently writes a popular monthly column on veterinary ethics for the *Canadian Veterinary Journal*.

Rollin is working with animal scientists and ranchers on alternatives to castration and branding and other issues. He is also leading investigations into controlling pain and suffering in genetically engineered animals created to model human disease. ☺

Thanks so much for your tremendous work in defeating Amendment 7.

Our future is indeed brighter due to your efforts.

President Jack Magruder

Seniors Paul Grutter and Steven Martin have been accepted for early admission to medical school.

Grutter, a chemistry major from Independence, Mo., has been accepted to the University of Missouri Medical School. Grutter is a member of the varsity football team, Alpha Chi Sigma and Phi Kappa Tau.

Martin, a biology major from Jefferson City, Mo., has been accepted to the Kansas University Medical School. Martin is a member of Blue Key and has served as a biology preceptor for Baldwin Academy.

Pictured are Pre-med advisor Michael Tannenbaum, associate professor of biology, Grutter, Martin and President Jack Magruder. ❧

1994 United Way Update

The NMSU United Way Drive has reached 97 percent of its \$37,000 goal. Anyone wishing to contribute may drop off their donations to Barb Espe, Violette Hall 184.

University Speaker Series Committee Update

The University Speaker Series is presently looking for interested faculty, staff and students to serve on the managing committee.

The purpose of the University Speaker Series is to provide a high quality lecture series consistent with the University's designation as Missouri's Liberal Arts and Sciences University. To achieve this goal, the series will bring to the University speakers of high intellectual ability who will enrich the total cultural experience of the campus community and surrounding area.

The Series' speakers will address issues of cultural, social, political, historical and educational importance to both the University community and the wider world.

In addition, as a subordinate part of its mission, the Series may co-sponsor speakers brought to campus by other groups if the speakers meet the above criteria of high quality and broad appeal.

If you are interested in serving on this committee please direct a letter to this effect to Ben Ogden, Division of Language and Literature. ❧

New Faces

George Ashline

George Ashline, assistant professor of mathematics, received his bachelor's of science degree in Mathematics from St. Lawrence University, his master's of Science from the University of Notre Dame, and his doctorate in Mathematics from the University of Notre Dame.

Ashline was a teaching assistant of freshman calculus and undergraduate real analysis as well as an instructor of freshman calculus at the University of Notre Dame. Ashline received many academic awards as a student and is a member of Phi Beta Kappa national honor society, Alpha Phi Omega service fraternity, and a member of the American Mathematical Society. ❧

Donna Brestensky

Donna Brestensky, assistant professor of organic chemistry, received her bachelor's of science degree organic chemistry from Indiana University.

Brestensky's professional experience includes associate instructor of organic chemistry at Indiana University, the University of Minnesota chemistry department outreach program, and an instructor of general chemistry at the University of Minnesota. Brestensky was a recipient of the Lubrizol award, an academic award for achievement in the field of chemistry, and a graduate fellowship to Indiana University. Her research interest is organic methodology with a focus on organometallic reagents and synthetic organometallic chemistry and her teaching interests include organic chemistry. ❧

Tim Frerichs

Tim Frerichs, assistant professor of art, received his Bachelor of Arts degree from St. Olaf College in art and German, his master's degree from the University of Iowa, and his doctorate in art from the University of Iowa. Frerich's professional experience includes being a museum technician at the University of Iowa Art Museum, a visiting artist at the

Washington School, city of Muscatine, an art instructor at the University of Iowa, Muscatine Museum of Art, and the Minnesota Museum of American Art, and a member of the adjunct faculty pool at St. Cloud University in Minnesota. Frerichs received a Fulbright Scholarship in 1991 for which he was a lithography instructor at the Betreuung Lithography Studio at the Universitaet Osnabrueck, Germany. ❧

Northeast Notes

National Security Education Program Grants are available to study abroad except in Western Europe, Canada, Australia and New Zealand. The grant will cover the total cost of the program. Please contact the Center for International Education Abroad Office at 785-4076 for an appointment to discuss the guidelines with Patrick Lecaque. Deadline is Dec. 1.

Fifty scholarships are being awarded by the State Farm Companies Foundation. Applicants must be full-time juniors or seniors majoring in a business related field, and have a 3.4 GPA or higher. Applications and nomination forms are available in the Financial Aid Office, McClain Hall 103.

Residence halls and colleges will close for the fall semester Dec. 17 at 6 p.m. All residents will be required to leave by that time. If students, faculty and staff living in the Kirksville community would be willing to provide space for a resident in case of a last minute emergency, they should contact the Residential Living Office at 785-4227, Kirk Building 112.

The James Madison Fellowship Foundation is offering fellowships to prospective and current secondary school teachers of American history, American government and social studies in grades 7 - 12 for graduate study of the history and principles of the U.S. constitutions. Qualifications and information on how to apply are available in the Financial Aid Office, McClain Hall 103.

The Ronald E. McNair Post-Baccalaureate Achievement Program is accepting applications to fill the 25 McNair scholar openings for 1994-95. For information about the program contact Bertha Thomas at 785-4142. Applications must be submitted by Nov. 22.

The NSPA Scholarship Foundation is offering scholarships to students majoring in accounting with a "B" or better grade point average. Undergraduate students must be enrolled full time. Applications are available in the Financial Aid Office, McClain Hall 103.

Scholarship applications are available for students interested in a career in the nuclear power industry. Candidates must be a U.S. citizen, be a full-time student and must maintain at least a 3.0 GPA. More information/applications are located in the Financial Aid Office, McClain Hall 103.

Nomination forms for the 1994-95 Educator of the Year Award are available at the Student Senate Office. If you have had a professor that has had a special impact on you, please pick up a form and nominate him or her for this special award. Nomination forms are due at the Student Senate Office by Dec. 9.

Applications are being accepted for camp hall director, assistant camp director and camp counselors for the 1995 1000 Hills Summer Camps. 1000 Hills camps are planned for June 18 - July 21. Application forms are available at Center for Service-Learning, McKinney Center.

Alpha Phi Omega, national service fraternity, will sponsor a Red Cross Blood Drive at 11 a.m. - 4 p.m. on Nov. 15 - 17 in the SUB Activities Room. There will be entertainment while you wait and door prizes for all who attempt to give blood.

The National Library of Poetry has announced that \$12,000 in prizes will be awarded this year to more than 250 poets in the North American Open Poetry Contest. Send an original poem to the National Library of Poetry, 11419 Cronridge Dr., P.O. Box 704-1932, Owings Mills, Md. 21117. Poems should be no more than 20 lines, and the poet's name and address should appear on top of the page. Entries must be postmarked by Dec. 31. The contest is open to everyone and entry is free.

The Coro Midwestern Center is recruiting candidates for its Coro Fellows Program. This is a "highly, selective, graduate-level training program in public affairs." Each year 48 individuals are selected. College seniors and graduate students are eligible to apply to the Fellow Program. The nine-month program is offered in each of Coro's four centers, St. Louis, New York, San Francisco and Los Angeles.

The Prudential and Financial Services Company is looking for undergraduates and graduates in the areas of marketing, finance, accounting, business or communications. Those interested must be native to the St. Louis area or hold residence in the area for five or more years. The Prudential is conducting a career seminar on Nov. 15, at the Holiday Inn in Clayton, Mo., from 5 - 8 p.m. If interested contact Karen A. Torrence at (314) 878-6146 ext. 203. For more information stop by the University Career Center.

International Club announces International Dinners 1994 Sample more than 20 dishes from around the world. Fran McKinney will be honored for all her service to NMSU and the international student body. The dinner will be held at 6:30 p.m. Nov. 20 in the SUB Georgian Room. Tickets must be purchased in advance. For information call the International Student Office at 785-4215.

Thanksgiving Break Library Hours

Tuesday, Nov. 22 -- 8 a.m. - 6 p.m.
Wednesday - Saturday, Nov. 23 - 26 -- Closed
Sunday, Nov. 27 -- noon - 2 a.m.

This Week

14 Monday

6:30 p.m.--**Ekklesia devotional and Bible study**, Violette Hall 170. Barry Poyner will discuss, "Our response to the Gospel".
