## Rawlins Gifts \$25,000 for Missouri Government Internship Program

The chair of Truman State University's Board of Governors has made a \$25,000 gift to benefit the Missouri Government Internship Program.

Randa Rawlins '79, the general counsel for Shelter Insurance Company in Columbia, Mo., designated the gift for the Missouri Government Internship Program endowment. This fund was established last year and is designed to provide a permanent source of revenue to support and expand one of Truman's most distinctive co-curricular programs.

A special reception, commemorating the 35th anniversary of the program, took place Jan. 30 in Jefferson City. The event was attended by nearly 200 people and included current and former legislators, current and former Truman internship participants, other government officials, and members of Truman's Mid-Missouri Alumni Chapter. Marie Gladbach, '72, Truman's first Missouri government intern, attended the event.

The program offers juniors and seniors a unique opportunity for a semester internship with a

legislator, public official or state agency in Jefferson City. The experience provides students with an inside view of state government, and has special appeal for students anticipating careers in business, law, public relations, government service or public affairs. The program originated in 1972, and since its inception, an estimated 500 students have participated.

The Missouri Government Internship endowment was created in 2006 with a \$40,000 gift from Advantage Capital

Partners of St. Louis, and two of the firm's partners, Scott Zajac '85 and Ryan Brennan '95, both former participants.

Earnings from the endowment will be used to support stipends for students who participate in the program. Students receive course credit, but must make arrangements for housing and other living expenses during the semester. The Truman State University Foundation grants a \$2,500 stipend for each participant from its unrestricted gift pool, and the endowment is designed to provide a perpetual resource for future stability and growth.

## Lyceum Showcases Legendary Musicals

The Truman State University Kohlenberg Lyceum Series presents "Some Enchanted Evening" at 7:30 p.m. March 20 in Baldwin Auditorium.

Springer Theatricals will be celebrating the music of Richard Rodgers and Oscar Hammerstein in a glitzy parade of hits spotlighting many of the legendary moments of some of the best loved musicals.

The show is set in an enchanted garden through

which the players come and go in song and dance.

Tickets for the performance will be available beginning March 13. Tickets are free to all students, faculty and staff. Tickets for faculty and staff are available in the Center for Student Involvement, and students may pick their tickets up in the Student Activities Board office.

Contact the Public Relations Office at 785.4016 for more information.

## Book Signing

**3-5 p.m. • March 16  
Truman Bookstore**

Tamer Edis, associate professor of physics, will be signing his newly released book, "Illusions of Harmony: Science and Religion in Islam."

## Free Tax Preparation

Accounting students will provide free tax preparation to students and those with low to moderate income on a first come first serve basis.

**8 a.m.-3 p.m.  
March 17 and March 24  
Violette Hall**

The taxpayer and the taxpayer's spouse must be present. Bring a photo ID, copies of all tax forms, Social Security card and banking information if direct deposit is desired.

Contact Alan Davis at 785.5560 for technical questions and Patricia Garrett at 785.6019 with logistical questions.

## Staff Classification and Compensation Plan Study consultants chosen.

Fox Lawson & Associates were awarded the consulting contract for the study.

James Fox will be on campus March 20 to provide information concerning the Staff Classification and Compensation Plan Study.

He will be meeting with staff 11 a.m.-noon and from 2-3 p.m.  
**March 20 • VH 1000**

One of the sessions will be videotaped and made available to those who are unable to attend.

Contact Curt Devan at devanc@truman.edu for more information.

## Scholar, Choreographer to Visit Campus

Guus Solomons jr., artistic director of the Solomons Company/Dance, will be visiting Truman as part of the Phi Beta Kappa Visiting Scholar Program March 15.

Phi Beta Kappa sponsors 12 or more distinguished scholars each year who visit 100 colleges and Universities with Phi Beta Kappa chapters. The scholars spend time on each campus, meeting informally with students and faculty members, taking part in classroom discussions, and giving a public lecture.

Solomons, who began dance training at the Boston Conservatory of Music while studying architecture at the Massachusetts Institute of Technology, will give his public lecture, "50 Million Ways to Make a Dance,"

Guus Solomons jr.

at 7 p.m. March 15 in the Student Union Building Activities Room.

He will also be having a Choreography/Spatial Exploration workshop from 9-10:30 a.m. March in the Student Recreation Center Aerobics Room. Everyone is welcome and no dance experience is required.

Solomons has performed with numerous dance companies before forming his own troupe in 1972. In 2005 he was appointed full arts professor in dance at the NYU/Tisch School of the Arts. He was honored in 2000 with a New York Dance and Performance "Bessie" Award for sustained achievement in choreography and has recently received the American Dance Festival's Balasaraswati/Joy Ann Dewey Beinecke Endowed Chair for Distinguished Teaching.

Contact Patricia Barton at 785.7247 or Cole Woodcox at 785.4119 for more information.

## Intramural Basketball Championships to Take Place March 14

The Truman State University Intramural Recreational Sports is hosting the Intramural Basketball Championships on March 14. It will take place in Pershing Arena with the first game starting at 6 p.m.

This tournament includes the finals for the

Women's AST, Men's AST, Women's Open, Men's Open, and Co-Rec leagues.

There is no cost to attend the event and all are welcome to cheer on the teams.

Visit <http://recreation.truman.edu> for more information.

## West to Speak on Topic of Her New Book

Sally West, associate professor of history, will speak at the Truman Faculty Forum at 7 p.m. March 21 in Magruder Hall 2001.

The topic of her presentation is "Cigarettes and Cognac: Consumer Culture Under the Russian Tsars."

The discussion will be based upon West's upcoming book, "Advertising in Tsarist Russia: Creating Modern

Consumer Culture Under the Old Regime." Her research offers alternative perspectives on both the western emphasis of consumer culture studies and on Russian historians' usual focus on revolutionary politics.

Her research demonstrates the flexibility of Russian culture, as it adapted to the modern influences of consumerism within the limits of the Tsarist society.

## Students to Represent Truman at NCUR

Thirty-seven students will be representing Truman at the National Conference on Undergraduate Research (NCUR). Dominican University of California will host the conference, April 12-14. Approximately 2,200 undergraduates from more than 250 colleges and universities will attend the three-day event.

The students representing Truman include: Ashley Adams, Erica Alexander, Steven Bermudez, Sarah Bloch, Michael Bono, Tiffany Caesar, Jessica Chenuault, Ryan Conway, Jennifer Coolidge, Kim Dotson, Daniel DuBois, Melanie Dunn, Corey Elledge, John Fausz, James Franklin, Oleksiy Golovin, Adam Gouge, Arthur Gregg, Amanda Groebel, Kelly Haley, Laura Kopff, Erych Kuechler, Brianna Lennon, Ryan Lewis, James Lloyd, Andrew Maerz, Billy Miller III, Phuong Nguyen, Jason Novinger, Christopher Peterson, Violet Poole, Nirjal Sapkota, Leonard Stephens, Alexander Stoll,

Daniel Tucker, Alana Walker and Heidi Willhauck.

The National Conferences on Undergraduate Research (NCUR), established in 1987, is dedicated to promoting undergraduate research, scholarship, and creative activity in all fields of study by sponsoring an annual conference for students. Unlike meetings of academic professional organizations, this gathering of young scholars welcomes presenters from all institutions of higher learning and from all corners of the academic curriculum. Through this annual conference, NCUR creates a unique environment for the celebration and promotion of undergraduate student achievement, provides models of exemplary research and scholarship, and helps to improve the state of undergraduate education.

This is the first year The Next STEP office is coordinating the delegation.

## NOTABLES

Elizabeth Clark, associate professor of communication, and Mark Smith, assistant professor of communication, have co-authored a paper that has been selected among the best submissions nationwide in the annual Broadcast Education Association scholarly competition. The article, titled "Significant Treatment: An Assessment of Issues-Programs List Availability in Missouri Radio Station Public Inspection Files," has been selected for presentation in the radio-audio division during the BEA Spring Convention in Las Vegas. Nearly 100 radio station public files were inspected by faculty and Truman students during individual visits to radio stations last year. In addition, the Missouri Broadcasters Association has requested a summary of the article to remind its membership of their federal obligations to file quarterly reports of public service programming. The paper has been submitted to the *Journal of Radio Studies* for possible publication.

Taner Edis, associate professor of physics, has had his book, "An Illusion of Harmony: Science and Religion in Islam," published. It is now available at the Truman Bookstore. Visit <http://www2.truman.edu/~edis/books/harmony/> for more information.

Christina Wirkus, a senior communication major from Kansas City, Mo., was recently named Playtex Sport's Team Player of the Month. Wirkus will receive \$2,500 for herself and another \$2,500 to give to a non-profit charity of her choice. Wirkus is responsible for beginning Truman's all women ultimate team and led them all the way to regionals their first year.

Three Truman parliamentary debate teams reached the elimination rounds of the Mark Hatfield Debates at Willamette University in Salem, Ore., Feb. 23-24.

Teams included Mark Buchheit, a freshman history major from Carthage, Mo., and Dylan Rothermel, a junior economics major from Homeowd, Ill.; Sara Archer, a senior accounting major from Riverside, Mo., and Keith Schnakenberg, a senior communication and political science double major from Buffalo, Mo.; and Christopher Girouard, a sophomore communication and political science double major from Chesterfield, Mo., and Kevin Haynie, a sophomore political science major from Bridgeton, Mo.; in the "sweet sixteen" round of the tournament.

Members of the Truman chapter of Sigma Tau Gamma attended a Regional Conclave the weekend of Feb. 24 and received multiple awards. They took home the W.T. Hembree National Leadership Award, the Edward H. McCune Most Distinguished Chapter in the Nation Award, the Emmett Ellis Chapter Scholarship Award and the Robert Nagel Jones Charitable Projects Award. The Writing Center would like to thank those students who participated in International Writing Centers Week Feb. 12-16. The Writing Center would also like to congratulate Priscilla Riggie, associate professor of English, Writing Professor of the Year, and other nominees, Martha Barter, professor of English; Robin Becker, instructor in English; Joe Benevento, professor of English; Adam Davis, professor of English; Ernst Hintz, associate professor of German; Royce Kallerud, associate professor of English; Linda Moore, lecturer in English; and Brent Orton, lecturer in English. They would also like to acknowledge Steve Pennington and the Truman Bookstore for donating a gift certificate to be awarded to the Writing Professor of the year.

## SCHOLARSHIPS AVAILABLE

Google has partnered with the Hispanic College Fund on a scholarship program for computer science and computer engineering students for the 2007-2008 academic year. Candidates must be junior, senior or graduate students pursuing a computer engineering or computer science major.
