PSAC Promotes Campus Sustainability Efforts

The Presidential Sustainability Action Committee (PSAC) would like to recognize sustainability awareness and efforts coming to Truman in the upcoming week.

Local Foods Week will be Sept. 24-Oct. 1. On-campus activities include "Market on the Mall," hosted by the University Farm, held from 2-6 p.m. Sept. 28 on the Student Union Building Mall, and a free vegetable production tour and grill given at the University Farm at 5 p.m. Sept. 29.

Beginning Sept. 26-30, the Bike Co-op will host Bike Awareness Week to raise money for their services. They will provide free bicycle tune-ups on the Student Union Building Mall.

ECO will also host "The Beehive Design Collective: The True Cost of Coal," a presentation about the costs of mountaintop coal removal in Appalachia, at 6:30 p.m. Sept. 28 in Ryle Hall Main Lounge.

The "Renewable Energy Summit," hosted by Representative Zachary Wyatt, will take place from 9-11:30 a.m. and 1-3 p.m. Sept. 30 in the Student Union Building. The morning session will feature a discussion about the future of Missouri's energy, led by Wyatt, in the Alumni Room. The afternoon session will include information tables by representatives from energy companies and information about PSAC. This will take place in the Activities Room.

PSAC was established by former President

Darrell Krueger in 2009 after signing Truman's "Sustainability Initiative." The vision of this initiative was to ensure Truman would create a more ecologically sound, socially just and economically aware environment. PSAC was designed to identify and evaluate ways to modify University practices and ensure that Truman upholds the principles of the initiative.

ECO to Bring Educational Artists to Campus

The Environmental Campus Organization (ECO) will host an artistic and educational presentation, "The Beehive Design Collective: The True Cost of Coal," at 6:30 p.m. Sept. 28 in Ryle Hall Lounge.

The Beehive Design Collective is a non-profit, all-volunteer artist group that travels using narratives to teach about social and environmental issues. Fourteen Truman students attended a conference in Washington D.C., where they met The Beehive Design Collective and saw a portion of their performance. After learning about their work, ECO decided to invite them to Truman.

Three members of The Beehive Design Collective will present a recreation of the illustration, "The True Cost of Coal," and will pose questions regarding energy creation and consumption.

The illustration is a narrative graphic demonstrating the history of the Appalachian Mountains and the threats that mountaintop coal removal poses to the environment and society. The graphics feature plant and animal species from Appalachia.

Now Accepting Who's Who Nominations

The Dean of Student Affairs Office is now accepting Who's Who Among Students in American Universities and Colleges award nominations.

The award is available to seniors eligible to graduate in the 2011-2012 academic year (December, May or August) who have at least a 2.75 accumulative grade point average and have demonstrated leadership with campus or community involvement. Applications are evaluated based on the excellence of the student's academic record; character; breadth and depth of leadership and service to the community; and representation of/impact on Truman.

Recipients will be announced at the end of the fall 2011 semester. A luncheon will take place during the spring semester in honor of the recipients and their families.

Staff, faculty and administration may nominate

one or more students by submitting the names electronically to saffairs.truman.edu/WhosWho/whos_who_main.asp by Oct. 10. Students perceive a nomination for Who's Who from a faculty or staff member as an honor in itself, and it is greatly appreciated by the nominated student. Student ID numbers are appreciated.

Students will be informed of their nomination and will be sent an application inviting them to apply for selection into Who's Who. Students must either submit electronically or return the completed application, including a letter of recommendation, to the Dean of Student Affairs Office in the Student Union Building 1110 by Oct. 31.

For more information about nominations, contact Brandi Wriedt (bkeller@truman.edu) at 785.5404 or Beth Tuttle-Kral (bkral@truman.edu) at 785 4111.

Truman Represented in "5 Under 40" Award

The nominees for Kirksville's first-ever "5 Under 40" Award included three Truman State University employees and one recent graduate.

Faculty member Teak Nelson, staff members John Gardner and Erin Shaw, and recent graduate John F. Nolan were nominated for the award. Sponsored by Kirksville Young Professionals (KVYP) and KTVO, this award recognizes

professionals under 40 who have demonstrated dedication, excellence and professional development in his or her career as well as a commitment to the Kirksville community.

The recipients will be honored at the KVYP Fall Banquet at 7 p.m. Oct. 13 at the Kirksville Arts Association. Tickets are \$20 per person. To RSVP, contact Amanda Powell at the Kirksville Area Chamber of Commerce at 665.3766.

NSCS Awarded at National Convention

Truman's chapter of National Society of Collegiate Scholars (NSCS) was awarded the Gold STAR Award given to the most active and engaged chapter in NSCS at the 2011 NSCS Convention held in San Jan, Puerto Rico.

NSCS is an honors organization for high-achieving first and second year students with more than 300 student-run chapters at universities across the nation. Truman's chapter was founded in 2000.

The award comes as no surprise to Rachel Thornton, the NSCS national staff representative

who works with Truman's chapter officers.

"The members of [Truman's] chapter are amazing," said Thornton. "They have gone above and beyond creating innovative programs and expanding and improving existing programs and have provided an exceptional experience for their members. They have truly embraced the ideals of NSCS."

Along with the award, the chapter will receive a \$250 Chapter Scholarship and a letter to University President Troy D. Paino to commemorate attaining Gold STAR status.

Applications Available for Conduct Board

The Office of Citizenship and Community Standards (OCCS) is seeking motivated students to serve as student affiliates on the University Conduct Board.

The University Conduct Board hears cases of alleged misconduct to determine whether a student or student organization's behavior violates the Student Conduct Code, and if a violation is found, the impositions of sanctions. The board is

made up of faculty, staff and student members.

Student members would be expected to serve on the board for various hearings each semester as well as participating in various social justice and civic projects on campus.

Applications may be found at conduct.truman.edu and are due by 5 p.m. Sept. 30 in the Student Affairs Office located in the Student Union Building 1110.

Professors Perform with Kansas City Symphony

Gregory Jones, professor of music and Steven Seward, lecturer in music, performed with the Kansas City Symphony for the grand opening of the Kauffman Center for the Performing Arts in Kansas City, Mo.

The event featured jazz pianist and vocalist Diana Krall, operatic tenor Plácido Domingo and violinist Itzhak Perlman among many artists who joined the symphonic performance.

Seward is the principal tubist for the Kansas City Symphony and Jones regularly joins as an extra trumpet player.

Steven Seward (left) and Greg Jones pose for a picture at the opening of the Kauffman Center.

Mielke to Present about Musician, Sun Ra

Bob Mielke, professor of English will present, "I'm Going to Outer Space As Fast As I Can: Sun Ra, Afro-Futurism and Motivated Signifying," at 12:30 p.m. Sept. 30 in Barnett Hall 2226.

Mielke will discuss Sun Ra, the late musician known for his cosmic philosophies and Arkestra (orchestra) concerts, and his demonstration of "motivated signifying." Audio clips of Sun Ra's

concert will play to convey the visual aspects of his art.

The presentation will also focus on Sun Ra's activism and conversation through his music that occurred in the south side of Chicago, Ill., during the 1950s that scholar John Corbett labels "Afro-Futurism."

This event is sponsored by the Department of Society and Environment.

NOTABLES

Recent graduates Phillip Hawley, Nicholas Jacobson, Sam Kramer and Amanda Tharp, along with assistant professor of psychology, Salvatore Costa, were published in the April 2011 issue of "American Society of Clinical Hypnosis" for their study, "The Effects of Encoding in Hypnosis and Post-Hypnotic Suggestion on Academic Performance."

Huping Ling, professor of history, will have her book, "Chinese Chicago: Race, Transnational Migration, and Community Since 1940,"

published by Stanford University Press in January 2012. Pre-orders are available at www.sup.org.

Mark Smith, associate professor of communication, will present a paper at the Midwest Radio History Symposium in October at Kansas State University. Smith's critical historical paper investigates the degree and significance of live entertainment broadcast on a Nebraska radio station in the 1920s and 1930s. This is Smith's fourth paper accepted at the Midwest Radio History Symposium.
